OSHA at a Glance

Eddie Shelton & Thomas Bullock (VRSA)

This course will cover several OSHA required programs to help participants understand the laws that apply to them. Topics to be covered include an introduction to OSHA, requirements working with contractors, permit-required confined space entry, hazard communication (requirements working with chemicals), personal protective equipment requirements, electrical safety and more.

Tools and Tech for Business Continuity in Public Works

Carl Brown (Getting Great Rates) & Arnab Bhowmick (Aktivov Asset Management)

This session covers asset management, rate analysis and rate setting as overarching themes. The trainers will drill down into major technologies, business processes, resource requirements, business continuity and succession planning, emergency response and crisis management, use of the "Cloud" more.
